

With Love We Send You On Your Way (children's recessional)

By Rev. Wendy Pantoja

May be sung to the tune of #371 (Old Hundredth)

With love we send you on your way
 To learn of love and peaceful ways
To grow in spirit, heart, and mind
 And be a light to humankind.

And when we next should come to meet
 Let's share some stories you and me
Of what we've learned and what can be
 And how to serve humanity.
